FALL ROUNDUP & HIGH ALTITUDE

SALE REPORT

186	$11,700	62	$4,120
Bulls Sold	Bull Average	Bred Heifers Sold	Heifer Average

An exciting, fast-paced morning in Meriden brought cattlemen and women together from across the country and around the world for the Fall Roundup and High Altitude Sale. The strong demand reflected continued confidence in Leachman genetics, with 186 bulls averaging $11,700 and 62 bred heifers averaging $4,120.

It was especially rewarding to welcome so many longtime customers, new buyers, and visitors to the Leachman $PROFIT Center. Guests traveled from across the United States and from as far away as Australia. Bulls sold into 16 states, while the bred heifers found homes in Nebraska, Minnesota, Colorado, Wyoming, and Utah, including 20 head going to Minnesota and Nebraska.

Sale Highlight: Leachman Nightcap G269

The highlight of the offering was Lot A, Leachman Nightcap G269, purchased for $40,000 by Grand View Ranch of Como, Mississippi, in partnership with the Leachman Cattle Semen Division. Nightcap also followed the top-selling bulls through the ring and generated strong interest as a high-impact genetic opportunity.

A limited number of Nightcap semen packages remain available. Each package includes 30 units for $5,000. Producers interested in adding Nightcap to their breeding program are encouraged to contact the Leachman Cattle Semen Division while packages remain.

Top-Selling Bulls
